Over three hundred years ago, the most powerful Indian tribes in the State of New York were the three elder members of the Iroquois Nation. They were the Mohawk, Onondaga, and Seneca tribes. In 1956, with the intention, perhaps, to transfer some of the greatness and glory of the original bearers to the new namesake, the first three letters of each tribe's name were assimilated into a unique designation: only one letter was changed to form MOHONASEN. From this Indian association and heritage, too, came the epithet, Mighty Warriors, as well as the familiar Indian figure seen around the school and on our class ring.

The search for the correct name for any publication is always a long and tedious job. The class of 1960, in pursuance of a suitable and lasting title to be borne by the yearly publications of Mohonasen, were particularly wary in their search, for they knew the name they chose would endure as long as Mohonasen itself. In keeping with the Indian theme the name TOTEM was finally selected. An evolved meaning was used: a monument to, or record of, the history of a group, between which existed a close personal relationship.

Schenectady, New York

Volume VII
1966

Foreword

To you, the student body, the staff of the 1966 TOTEM presents Volume VII as a chronicle of events which we have shared throughout our high school years. This edition is not a simple history, but a lasting memorial to all of the significant phases of our years at Mohonasen. These experiences have molded individual personalities and thus prepared students for adult life. It is by returning to this book that will enable you to recall these treasured memories that made Mohonasen.

Dedication

The Class of 1966 dedicates Volume VII of the TOTEM to the spirit of harmony and fraternity. In the time of Camelot, comradeship was symbolized by the Round Table of King Arthur. All of the one hundred fifty knights were joined in one body. Loyalty and chivalry were uppermost in their minds. So may we, too, be joined in lasting friendship. The greatest tribute we can offer our school and those who have challenged us in our quest for knowledge is to carry on this heritage handed us by the noble knights of the Round Table. It is to this desire for everlasting harmony and fraternity that we dedicate the 1966 TOTEM.

The WARRIORS score against COLONIE.

DAVE NASEMAN

In 1965, the Mohonasen soccer team returned to the lead in the Suburban Council, sharing the co-championship with Guilderland. The Mighty Warriors compiled a fine record of eight wins, one loss, and three ties in council games, with an equally impressive nine-two-four record overall.

Most of the credit for the excellent season goes to returning juniors and sophomores who had considerable varsity exposure in 1964. This includes Co-captains Jim Johnson and Dave Naseman, and top scorers Al Buffington and Gary Bailie.

The Class of 1966 congratulates the entire team upon its excellent year against more experienced opponents.

Harsity Football

The 1965 Mohonasen football team, guided by Coaches Cifonelli, Taeubner, Mikovich, and Hall, notched a fine record of four wins and four losses against stiff competition. The team lacked numbers and was hurt by the loss of last year's seniors. Nevertheless, we can surely be proud of the accomplishments of this year's team.

Strong running and passing attacks were evident from the first game: a 7-6 victory over Bethlehem. Halfbacks Gary Lisiewski and Bruce Wheeler, and fullback Bill Weismann carried the ball extensively while junior Fred Mastroianni threw the winning touchdown pass to sophomore Mike Romano. The following week three TD passes destroyed Colonie, 28-6.

After two defeats by Shaker and Guilderland, the team bounced back to defeat Columbia 34-6, as Roger Harrison, Gary Lisiewski, Fred Mastroianni, Bill Weismann, and Bruce Wheeler each scored a touchdown. The next week Wheeler threw to Gary Lisiewski for one TD and ran for another as Mohonasen defeated Hyde Park 14-6. Two tough defeats by Niskayuna and Draper closed the season.

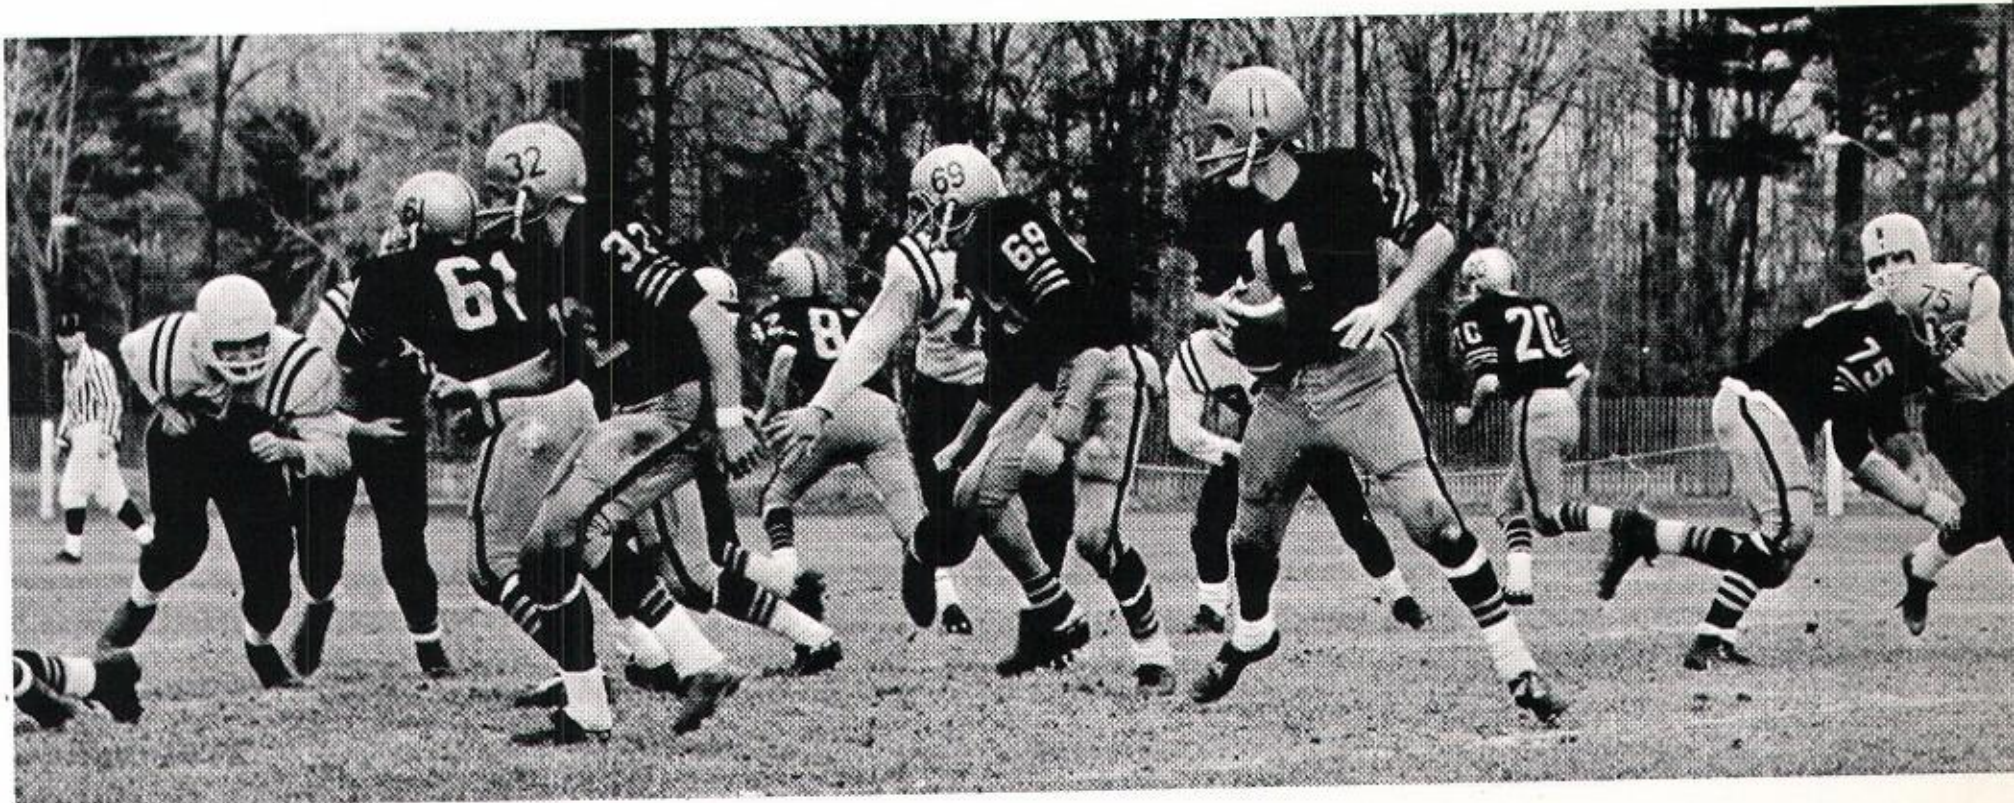

Mohonasen will miss the fine performance of seniors Roger Harrison and Bruce Wheeler (who landed berths on the All-County team), Bill Weismann, John Winters, Bob Barr, Gary Lisiewski, Dan Saglimbeni, Dick Fazzone, and Bob Conger. However, next year's team will have a strong nucleus in All-County tackle Paul Trinci, Fred Mastroianni, and Gary Mineconzo.

Wrestling

Under the direction of Coaches Smiley and Higgins, the Mohonasen wrestling team completed a successful season with an eight and six record. The team, slow at the start of the season, came back to win five of its last six matches. One of the highlights of the year was a 22 to 20 victory over Guilderland.

The team will lose starting seniors Carl Mack, Neal Brown, John Williamson, and Mike Esposito, but a strong nucleus of juniors and sophomores will be returning.

The Senior Class congratulates the following who were victorious in the Suburban Council wrestling tournament, Jack Meeker, Ron Ferrara, and John Williamson.

The 1965-66 Mohonasen basketball team compiled a fine record of twelve wins and six losses. As a result they received both a bid to the Sectional playoffs and they finished in second place in the Suburban Council. Highlighting the season was the winning of the second consecutive championship in the Mechanicville Christmas Tournament.

Co-captains Roger Harrison and Bruce Wheeler led the team with outstanding efforts throughout the season. Along with Jim Johnson and Dave Sanborn, they combined to give the Mohons a strong starting unit. Gary Lisiewski, Fred Mastroianni, Jim Lucca, Jim Doyle, and Dave Naseman also saw plenty of action.

Coach Baker can look forward confidently to next year. Juniors Johnson, Mastroianni, Doyle, Naseman, and Boiko, and several excellent J. V. players, will give strength to next year's varsity team.

Student Council, the student governing body co-ordinates the activities within the school. This includes events sponsored by both the council and other groups.

The most ambitious of the student council's projects is the foreign exchange student program, in co-operation with the American Field Service. This year the council hosted Mohonasen's second exchange student, Keiichi Terada, and made plans to send one of our own students abroad this summer, also in conjunction with the A. F. S. In 1965-66 Keiichi became well acquainted with both the students of Mohonasen and the activities which surround it.

These activities included assemblies, dances, pep rallies, and the annual talent show. All of these events are designed to foster a sense of participation and spirit, which is the real purpose of student government.

The Arrowhead

MOHONASEN HIGH SCHOOL, SCHENECTADY, N. Y.

This year Mohonasen's fine newspaper, the Arrowhead, increased its scope of coverage, resulting in much more informative and pleasurable reading. Under the direction of new advisors, Miss May and Mr. Cesarini, the paper doubled its circulation. Next year we hope that the staff can equal the quality and preciseness that characterized the 1965-66 Arrowhead.

My Three Angels

My Three Angels, a three act comedy by Sam and Bella Spewack, was presented by the newly formed National Thespians Society in November. Rehearsal, under the direction of Mrs. Jewett, began soon after school started.

The play revolves around the "three angels"—three convicts imprisoned for life. This trio aids the Ducotel family by removing most of the problems, human and otherwise, which threaten to prevent a Merry Christmas.

We congratulate the entire cast and stage crew for a most amusing production.

MARIE LOUISE (ANNE MURRAY) and PAUL (DOUG BEACH).

JOSEPH (GARY DOUGLAS), ALFRED (JIM SEVINSKY) and JULES (JOHN DUNN) make plans for their friend ADOLPHE.

Mme. PAROLE (MAUREEN McGUIRE) and UNCLE HENRI (DICK WEISMANN) examine a fine bottle of cognac.

GLORIA LOHNER and HARVEY DAVIS.

FELIX (JOHN DROZDOWSKI) and the LIEUTENANT (DENNIS KAUFMAN).

Advisor

MR. ROBERT HALL, Class Advisor

Four year have passed since the beginning of our association. During those years, many of you have consistently participated in the variety of activities which have helped to make up the high-school portion of your maturity. These remarks are directed to those of the Class of 1966 whom I have come to know from those activities.

As with innumerable groups of young Americans in the past, this class moves into a turbulent world. Behind you is the optimism of your "Camelot" themes. Your task of molding a class unit and building a school society was not an easy one. However, it has been a successful one. Those of you who picked up the challenge have made this class the academic, athletic, social and financial success that it is. The group should review its accomplishments with justifiable pride.

But ahead lie years requiring toughness and tenacity. As citizens, you will be called on to answer your responsibilities in the domestic and international crises with which our nation is faced. The answers given by previous graduates like yourselves are what have made our country what it is today. I am sure that the future will prove that the active members of the Class of 1966 will again meet the challenge.

Foreign Exchange Student

KEIICHI TERADA

I left Haneda airport in Tokyo on July 27, 1965 at ten o'clock in the morning and arrived at Honolulu at seven o'clock on the same morning. I then stayed at Stanford University for two days, and flew to New York City by American Airlines. I spent a week at the Faughts, friends of the Morans. Then I stayed with the Morans, who are my American family.

In the first few weeks, I had some trouble with table manners and American customs. When I eat soup at home I hold a bowl and drink from it. I had to change this after I came here. I tried to eat American foods and found most of them delicious except Italian food. I felt terrible when I first ate some pizza at a party.

In September, I began to go to the Episcopal Church, though I used to go to the Presbyterian Church in Japan. I have been enjoying American life at school and outside of school. The most memorable day was Christmas, when I went from house to house with some of my friends to sing Christmas carols.

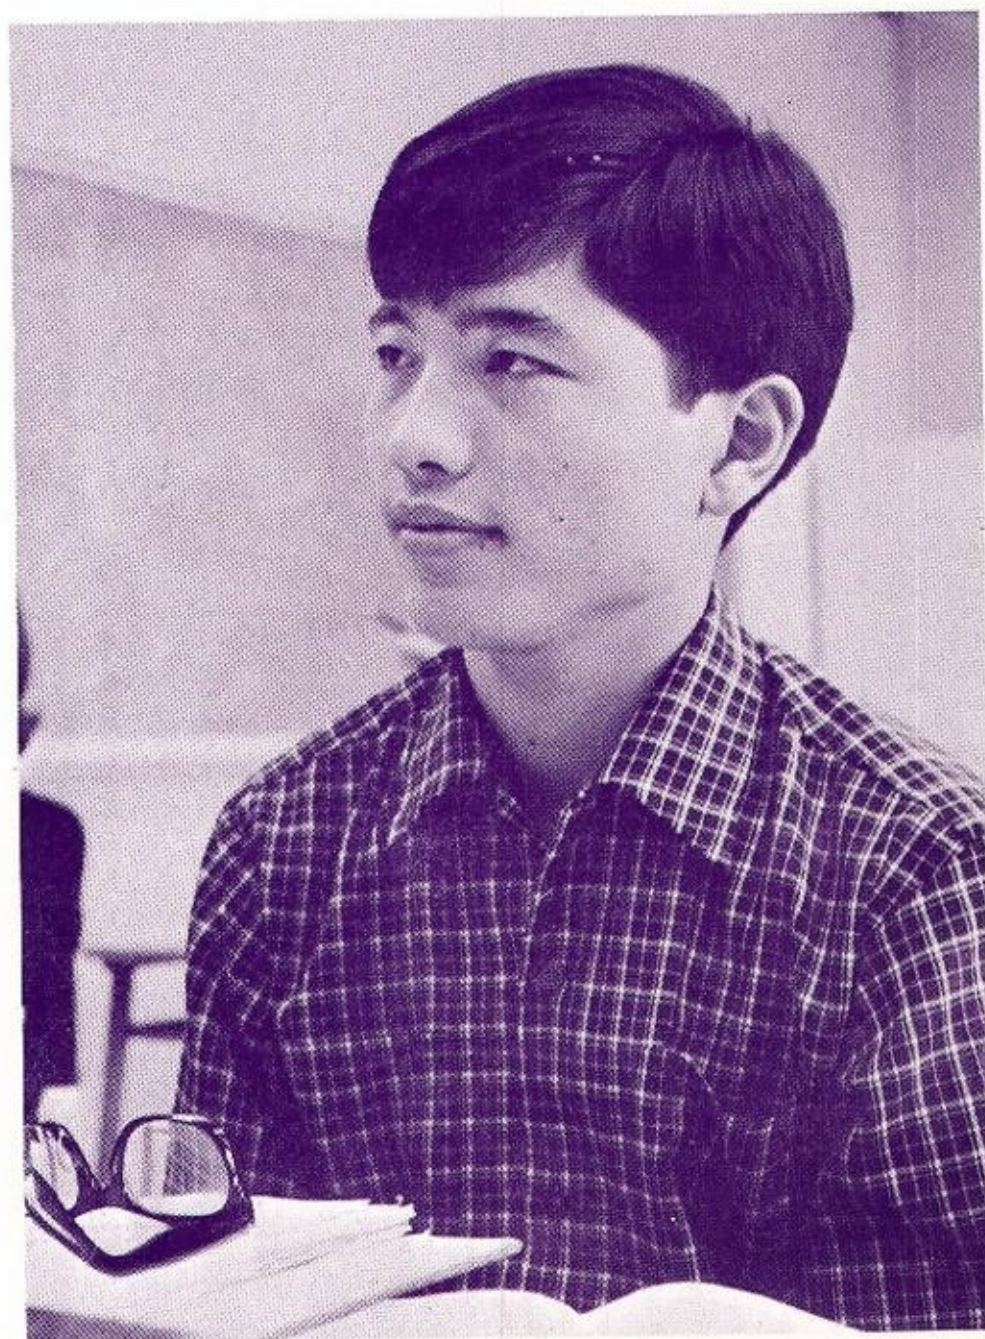

The hardest problem I have had here is the difficulty of English. Speaking and hearing English was as hard for me as reading English, even up to almost three months after school began. For the first couple of months I worked more than four hours a day on homework, mostly because of the lack of ability to read English.

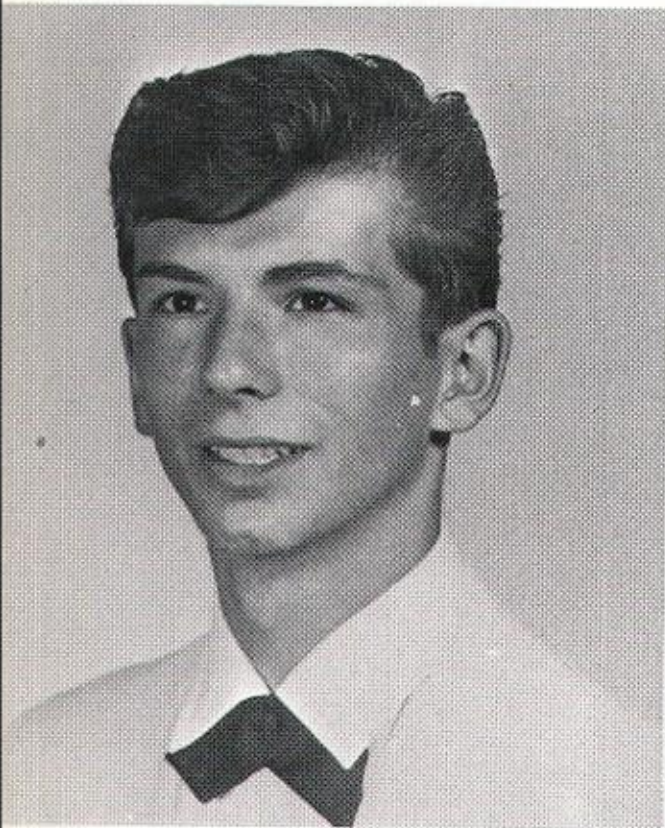

I belong to the YMCA and the Boys Club, where I practice basketball. At school I belong to Model U.N., Drama Club, and the Volleyball team. In the senior class play I play the part of an old Japanese villager who speaks English, while several American students speak Japanese in the play. This I find very humorous.

In Japan I live with my father, my mother, and my brother. My father is a sales representative for a manufacturer of golf equipment.

My mother is a housewife and my brother is in the sixth grade of an elementary school. I learned English both in school and from my uncle who is an assistant professor at St. Paul University in Tokyo. I shall be happy to return home once again, but because life in America has been enjoyable, I shall regret leaving. And so, Sayonara.

Afterword

With a final glance at the lasting friendships, hopes, and ideals that have been extensively developed at Mohonasen, each member of the Class of 1966 will leave this fabled land of Camelot. We have shared many moments together—some entertaining, some care-free, some frustrating, many enlightening; but all have broadened our knowledge and molded our maturing personalities as graduates and adults.

Returning to this book, we may relive these memories that were once so much a part of Camelot.

BEST WISHES TO THE CLASS OF 1966

Good Luck, John
D. Tarano

AN OPEN ROAD ... OR A DEAD END STREET?

When commencement is over, where do you go from there?

Not too many years ago, a high school education was sufficient for most jobs; college was almost a luxury except for those who planned careers in such fields as medicine and law.

Today, the pattern is entirely different. Advances in technology affect everyone in every business . . . and, frankly, a high school education is seldom enough to equip you to meet the challenge of the present . . . to help you get a job with a future.

What's the answer? More education . . . four-year colleges, junior colleges, community colleges, technical schools, extension courses, anything at all which will increase your knowledge, develop your personal skills.

There are jobs waiting . . . but these jobs call for knowledge and skill. Gen-

eral Electric is just one of the many companies which will have job openings in the years to come for those who can meet job requirements. There are new products, new technologies on today's drawing boards . . . with still others yet to be thought of . . . which will call for people with education, training and ability. The future needs not only men and women to come up with ideas, but also people to put those ideas into practice . . . designers and developers, scientists and salesmen, technicians and teachers . . . people with sufficient education to fill jobs.

Now it's up to you. You may choose the broad highway open to you through more education . . . or wander down the dead end street of lost opportunities. If you keep learning, you'll keep growing . . . growing with our nation in the age of space.

Junior Prom

A Persian Fantasy—reminiscent of the excitement of the Arabian Nights, the beauty of the Gardens of Babylon, and the mysteries of Aladdin's lamp. This was the setting for the Junior Prom of the Class of 1967.

The evening was enhanced by the music of Don Killian. This memorable occasion was culminated with the coronation of the 1966 Junior Prom Queen, Miss Sally Goldthwaite, by Miss Anne Murray, last year's Queen.

Over three hundred years ago, the most powerful Indian tribes in the State of New York were the three elder members of the Iroquois Nation. They were the Mohawk, Onondaga, and Seneca tribes. In 1936, with the intention, perhaps, to transfer some of the greatness and glory of the original bearers to the new namesake, the first three letters of each tribe's name were assimilated into a unique designation: only one letter was changed to form MOHONASEN. From this Indian association and heritage, too, came the epithet, Mighty Warriors, as well as the familiar Indian figure seen around the school and on our class ring.

The search for the correct name for any publication is always a long and tedious job. The class of 1960, in pursuance of a suitable and lasting title to be borne by the yearly publications of Mohonasen, were particularly wary in their search, for they knew the name they chose would endure as long as Mohonasen itself. In keeping with the Indian theme the name TOTEM was finally selected. An evolved meaning was used: a monument to, or record of, the history of a group, between which existed a close personal relationship.
